This department of The Times will be anducted as a feature every Sunday, ts purpose is to present to members of the various secret organizations news from the various secret organizations from the various sources. In maintaining the department The Times would be glad to receive short articles and steam of interest from the different orders and suggestions from those interdess and suggestions from those interdess.

ders and suggestions from those interested, every week, not later than Thursday.

SCOTTISH RITE MASONS.

The Scottish Rite bodies will hold their fall reunion Saturday, Monday and Tucsday, November 8th, 10th, 11th, 1902, in the Masonic Temple. It has been customary to hold reunions of the Scottish Rite so that the brethren living throughout the State can receive all the degrees from the 4th to the 32d, inclusive, and to give the members an opportunity to be present and witness the working of the beautiful ritual of the rite. A large class of candidates throughout the State has already been elected to receive the degrees, and any Master Mason in good standing who desires to become a member of the Scottich Rite, should make application to the secretary or to one of the committee, who will furnish the necessary in. the secretary or to one of the commit-tee, who will furnish the necessary in-values like plans for the meeting of the National Grove in this city. Up to this

Saturday evening, November 5th, pre-paratory meeting of all the bodies for the purpose of transacting business per-

taining to the reunion.

Monday, November 10th, 10 A. M., meeting of the Lodge of Perfection, lasting through the day, when degrees to the twenty-fifth will be worked up. At 4 P. M., the Rose Croix Chapter will moet, conferring the fifteenth to the eight-teenth degress, inclusive, followed by the Council Knights Kadosh.

the Council Knights Kadosh.
On Tuesday, November 11th, at 10
A. M., the meeting of the Council
Knights Kadosh will be resumed, conferring the degrees twenty-sixth to the
thirtieth, inclusive. At 4 P. M., Daltho Consistory, No. 1, will meet, when
the thirty-first and thirty-second detres will be conferred. At 7 P. M.

the thirty-first and thirty-second degrees will be conferred. At 7 P. M., the refection will be served.

UNITED MODERS.

As its name implies United Moderns is not an ancient organization. It is purely a modern institution, founded on the very crest of the thought-wave of to-day. Its charter is perpetual. It is a himoer in adequate rates and modern insurance plans. Its plan is acknowledged to have enduring strength, and has received highest commendation from the best of authorities.

The order is doing husiness in a large strength of the States, and fast coming this reorganization meeting representative.

ter of its own.
There will be about fifty delegates to the States, and fast coming nown as the header in all things and to make fraternal insurance for all thing to came, delegans lates and plans were not in a haplacard way, but were perhaps the best insurance act if the United States, and founded he best invitable in use, albits is unquestioned. Its future statistic is unquestioned, its future statistic is unquestioned, its future statistic is unquestioned. Its future statistic is unquestioned, its future of the oldest in the United States, being chartered by the Sovereign Grand Looge in 1837, at which time the courtry a practed is fraternal fea-tures are of the highest type, and the fact that it ledges all over the country are new decembing the blessings of fratherhood is evidence of its grow-

ing panularity.
Divic Lodge, No. 62, was organized in April 1898, and all chose who became members at that time are still active

members at that time are still active Moderns and firm believers in the future of the order, and that before long Dixle Lodge will be known as one of the strengest lodges in Richmond. Its list of members is steadily growing.

Virginia Lodge, No. 199, and Futon Lodge, No. 253, are in the race for one hundred members each by the end of the year, and unless all signs fall, they both have excellent prospects of reaching that number.

Futon Lodge has a large amount of musical talent among its members, and

musical talent among its members, and near future may develop something In the way of social and musical attrac-tions in connection with lodge work that will be of considerable interest.

KNIGHTS TEMPLAR.

Richmond Commandery, K. T., No. 2, will be inspected by Right Eminent Grand Commander J. E. Townes, of Petersburg, on Tuesday night, at Masonic Temple. This inspection will attract many of the Knights, and a large at-

tendance is assured., THE HIBERNIANS. The Ancient Order of Hibernians is in

a most prosperous condition in this city There are two divisions, No. 1 and No.

The officers of No. 1 are: President, John A. Haley: vice-president, M. P. Doherty; recording secretary, James E. O'Grady; financial secretary, Ed. Griffin; treesurer, M. Carmody. This division meets on the second and

fourth Wednesdays at Lee Camp Hall.
The officers of Division No. 2: Prest dent, Charles F. Taylor: vice-president. Dr. W. A. McGowan; recording secre P. McEneary; financial secretary, D. J. O'Sullivan; treasurer, M. P. Marrin. This body meets on the first and third Thursday at Sacred Heart

The State officers are: President, James B. Casey, of Portsmouth; vice-president, J. T. Sweeney, of Alexandria; secretary, James J. Creamer, of Richmond; treas-urer, William McDirmott, of Roanoke.

# Scrofula

Few are entirely free from it.

Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it.

Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed cyclids, sore ears, rickets, catarrh, wasting, and general debility.

## Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sersaparilla was highly recommended and she took it and was cured. She is now in good health." Mas. J. H. Jones, Parker

City, Ind. Sarsaparilla promises to cure and keeps the premise.

The State Division meets biennially, and will meet next in 1904 at Roanoke. The National Council will meet in 1904. the place to be yet named.

At the next meeting of the national body an effort will be made by the clate Division to secure the election of Mr. James J. Creamer, of this city, as na-

oRDER OF DRUIDS.

Grand Lodge in 1837, at which time Thomas D. Wildey was grand sire and Robert Neilson grand secretary. It was five years after this that the Grand Encampment of Virginia was organized, and in the meantime Neilson worked directly under the supervision of the Sovereign Grand Lodge.

The first meeting of this encampment

ereign Grand Lodge.

The first meeting of this encampment was held in the fall of 1837, and the first chief patriarch was C. H. Hyde. William Towers was elected the first representative to a meeting of the Sovereign Grand Lodge, which was held in Balti-

MR. J. P. BROWN, (Past Chief Patriarch.)

more in the fall of 1837. Since that time the membership has steadily increased, although during the Civil War the meetatthough during the CVII war the meetings were held very irregularly, but often enough to retain their charter, which still adorns the walls of their lodge room. This charter bears the names of many who have been prominent in the country. now dead and gone, but the good work they have done, not only for Odd-Fellow-ship, but their distressed brothers, still

remains with us.

The first grand patriarch of the Grand Encampment of Virginia was Patriarch 2. H. Hyde, of Neilson Encampment. The C. H. Hyde, of Neison Entemphase. The encampment branch of Odd-Fellowship is the social feature of the order, and is composed of the brightest of Odd-Fellows, as only those who are efficient in the subordinate lodges are eligible to memsubordinate looges are engine to mem-bership. Nellson Encampment has mem-bers on its rolls from every lodge in the city and every meeting has a tendency to draw into-closer union and fellowship those who labor in the work of Friend-

ship, Love and Truth. HEADS THE LIST.

Captain C. 11. Phillips, city treasurer of Richmond, has the honor of memberor Richmond, has the holds of metalogs ship in more secret organizations and societies than any other one man in the United States, so far as can be learned. Next to him is Mr. Vincent Perley, of Charlottesville. Captain Phillips is a member in good standing of the following organizations:

Gesangverein Virgina; Virginia Club Police Benevolent Association; Old Do-minion Club; Clay Ward Actives; Wednesday Club; Chamber of Commerce; Y. M. C. A.; Libertas Lodge of Perfec-tion, No. 5; Knights Rose Croix, No. 2; Knghts Kadosh, No. 1; Dalcho Consis-tory, M. R. S., No. 1; German American Y. M. C. A.; Libertas Lodge of Perfection, No. 5; Knights Rose Croix, No. 2; Knights Kadosh, No. 1; Dalcho Consistory, M. R. S., No. 1; German American Association; Pianoia Club; Temple Lodge, No. 6 A. F. and A. M.; Lafayette Chap-No. 2, A. F. and A. M.; Lafayette Chapter, No. 43, R. A. M.; Richmond Commandery, No. 2, K. T.; Acca Temple, A. A. Q. N. M. S.; Richmond Lodge, No. 45, B. P. O. E.; Schiller Lodge, No 139, L. O. O. F.; Nellson Encampment, No.

Prompt Delivery-Faultless Fit-Money Back—Every Bit.

To prove that these new fall designs have the "go" to them some have already gone, but new ones are coming (both new designs and new customers), so the good work goes on, all get suited—and some get

The Order of Royal Ladies is an auxiliary to the Royal Arcanum and is a charitable and social organization intended to promote the social features of the council to which it is auxiliary.

The courts hold two business sessions

each month on the same nights on which the councils meet. There is also a monthly social afternoon.

All wives, mothers, widows, sisters and daughters of members and past mem-bers are elible for membership. The in. itiation fee is a dollar, and the annual dues are also a dollar. There are cases on record where ladies

iliary and who were not eligible have persuaded husbands or brothers to join the Royal Arcanum.

## MORRIS PARK RACES

Advance Guard Carries Off the Weight

for Age Stakes.

(By Associated Press.)

NEW YORK, October 25.—Carruthers and Shields' Advance Guard, wi h George Odom in the saddle, won the Morris Park weight for age race at Morris Park we ris Park to-day. He won eased to a walk, and the immense crowd gave him a rous-ing cheer as he passed the wire. Great Horse was favorite. Drake's Wyeth, this year's American Derby winner, was second. Blues led his field for a mile and a half. Rounding the far turn the last time Odom sent Advance Guard up to the leader. It was but a few strides when the Shields horse had daylight between him and Blues. Lyne on Wyeth, who was riding a good race, sent his mount up and soon forged ahead of Blues. It looked for awhile as if the Drake horse was going to give the son of Great Tom a race, but when Odom let him down it was a ques-tion as to how much he would win by. At a meeting of the stewards of the Jockey Club, held at the race course at divided:

Morris Park to-day, it was ordered that DGCTORATES CONFERRED IN THE all persons and horses disqualified through racing at the Charleston meet ing, and who participated in that meeting after April 1st, 1902, be restored to good standing at all courses racing un-der the jurisdiction of the Jockey Club.

## OVERLOOKED.

## There Are Patent Medicines and Remedies Without Number.

For Every Disease and Affliction But One.

A prominent physician was recently asked why it was that there are so many "blood purifiers," "nerve tonics" and remedies for every ill, except one of the tonics of the physician was recently discovered by the control of the physician was recently discovered by the physician was rec most common and annoying, viz., piles. He replied, there are two principal reasons. First, physicians and people in general, have thought that the only permanent cure for piles was a surgical operation, that medicinal preparations were simply palliative. Another reason is that piles is in no sense of the word an imaginary disease; the sufferer from piles is very much aware of the fact, and for this reason the few so-called pile salves, ointments, etc., have been short-lived. The patient very soon discovered their

inefficiency.

He says further, fortunately, however, there is a new remedy for siles, which judging from its rapidly growing popularity will soon take the place of all other treatment; it has certainly made astonishing cures in this obstinate disease and its merit has made it famous among physicians and wherever it has been introduced. This remedy is sold by all druggists under the name of Pyramid

File Cure. From the immediate relief which the Pyramid Pile Cure gives in all forms of which follows its use is rather the result of its remarkable healing, soothing ac-tion on the parts affected. The Pyramid Pile Cure is the only rem-

edy, except a surgical operation, which immediately relieves and permanently 2. I. O. O. F.; Monacan Tribe, No. 95, I. O. R. M.; Virginia Council, No. 26, R. A.; Richmond Conclave, No. 162, I. O. H.; Richmond Tribe, No. 1, R. T. J.; Hick-Marshall, Mich.

Some Statistics About the Degrees Conferred.

COMPARISON FOR FIVE YEARS

Some of the Great Institutions Lean to the Humanities While Others Show

a Preference for the

Figures obtained from twenty-seven institutions, correct and reasonably compiete, make up the fifth annual set of tables compiled by "Science" in regard to the conferring of the degrees of docto the conferring of the degrees of doctor of philosophy by American universities. These lists are probably the best of their kind to be made public and their contents are of no small interest. Several colleges of standing in this country do not confer the degrees at all; Kansas, Missouri and Tulane have granted it only once in five years and Stanford and Princeton have given it on Stanford and Princeton have given it on the average of but once in five years. On the other hand, Harvard, the -n. D. degree of which place is often spoken of

degree of which place is often spoken as one of the hardest to work for in the world, this year holds second place in the list, with thirty-one degrees granted, Columbia having granted thirty-two. The records of "Science" are not so full as those published by the Bureau of Education, which, says the magazine, "must include institutions that have no right to confer this degree," but they show that, by the colleges of which they

take account, it has been granted in five years to 1.15% candidates as follows: DOCTORATES CONFERRED.

| Missouri  | 0    | 0                    | 0                | 1    | 0           |                 |
| Tulane  | 0    | 0                    | 1                | 0    | 0           | _ 1             |
|   |      | Tall and             |                  | -001 | 001         | 4150            |

214 253 233 224 234 1158 By this table it will be seen that the nest seven institutions have conferred just four-niths of all the degrees, while during the new years over which the statistics extend there has been marked increase in the number or change in the relative position of the universi-ties. In time, or course, the growth of the State university will have its effect, but this is not yet observable. Last year probably reached the highest number in the history of American education, but this year there was a small falling off.

The rise of scientific schools in the va-rious universities naturally lends inter-est to the table following, which shows the number of the degrees conferred in the sciences:

104 131 113 115 105 568 In those degrees the sciences were thus SCIENCES.

1902, 1901, 1900, 1899, 1898, tal. Chemistry .... 24 Physics ...... 12 26 15 32 28 23 Zoology ..... 16 Psychology ... 8 Mathematics .. 8 Botany ...... 11 Physiology .... 8 Education .... 1 Astronomy. ... 2 Sociology ..... 4 Paleontology.. 0 Bacteriology.. 1 Meteorology .. 0

104 131 113 115 105 568 As was to be expected, Harvard leaned toward the humanities, but Yale, in spite of the Sheffield school, did not favor the sciences and, moreover, did not grant the degree to so many candidates in that work as did her Cambridge sister. Also somewhat contrary to general supposi-tion, Pennsylvania and Chicago give more than half their degrees in the hu-manities, while Hopkins, Cornell and Co-lumbia had a majority for the sciences. It appears, too, that this year chemistry was relatively favored at Columbia, Johns Hopkins, Harvard, Yale and Pennsylvania; physiological chemistry at Yale; physics, psychology and zoology at Cor-nell; geology at Chicago, Harvard and Michigan and botany at Chicago.

Michigan and botany at Chicago.

It is, finally, to be remembered that the practical sciences lead; that the term chemistry here includes many of the sciences that have to do with commercial life, such as metallurgy, and that physics includes electrical engineering.

The titles of some of these which won these degrees are of a sort which cannot fail to touch any reader with a sense of humor and will impress the layman as deserving the honor they won without further perusal. Thus Alling Pruden Beardsley presented to the learned dons of Yale two papers, one "On the Action of Phenylhydrazine on Benzoylpseudothloureas." But Richard Blair Earle went one better. He sulphite in Alcoholic Solution on Tribom-dinitrobenzol and Tribromtrinitrobenzol."

Pain or dull ache in the back is unmistakable evidence of kidney trouble. It is nature's timely warning to show you that the track of health is not clear.

If these danger signals are unheeded, If these danger signals are unheeded,

more serious results are sure to follow; Eright's disease, which is the worst form of kidney trouble, may steal upon you. The mild and the extraordinary effect of the world-famous kidney and bladder remedy, Dr. Kilmer's Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing ease. A trial will convince any one. ing cases. A trial will convince any one and you may have a sample bottle free

Backache, Uric Aold and Urinary Trouble.

Among the many famous cures of Swamp-Root investigated, the one published to-day speaks in the highest terms of the wonderful curative properties of this great kidney remedy. Dr. Kilmer & Co., Binghamton, N. Y.

Dr. Kilmer & Co., Binghamton, N. Y.
Gentlemen,—When I wrote you last
March for a sample bottle of SwampRoot, my wife was a great sufferer from
backache, rheumatism and urinary
trouble, also excess of uric acid. After
trying the sample bottle she bought a
large bottle here at the drug store. That
did her so much good she bought more.
The effect of Swamp-Root was wonderful and almost immediate. She has felt
no return of the old trouble since.

VIRGINIA EASILY

If your water, when allowed to remain undisturbed in a glass or bottle for twen-ty-four hours, forms a sediment or settiing, or has a cloudy appearance, it evidence that your kidneys and bladder need immediate attention.

In taking Swamp-Root you afford nat-ural help to nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical sci-Swamp-Root is the great discovery of

Dr. Kilmer, the eminent kidney and blad-

Jer specialist. Hospitals use it with wonderful success in both slight and severe cases. Doctors resimmend it to their patients and use it in their own families, because they recognize in Swamp-Root the greatest and most successful remedy If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send ut once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you free by mail, immediately, without cost to you, a sample bottle of Swamp-Root and a took of wonderful Swamp-Root testimonials. Be sure to say that you read this generous offer in the Richmond Sun-If you are already convinced that

Lame back is only one symptom of kidney trouble—one of many. Other symptoms showing that you need Swamp-Root are: Obliged to pass water often during the day and to get up many times at night, inability to hold your urine, smarting or irritation in passing, brick-

## BOTH FAILED TO SCORE Result of V. P. I.—University of N. C

Devries for Brown. Length of halves

V. M. I., 33: RICHMOND, 0.

A Rather Featureless Game Under an Exhausting Autumn Sun. (Special Dispatch to The Times.) LEXINGTON, VA., October 25 .- The

foot-ball team from Richmond College this afternoon met the Virginia Military Institute team on the latter's gridiron and went down in defeat, 33 to 0. The game opened in a blazing sun, rendering exertion a great trial, and both teams suffered from the heat. The Cadets kicked off and soon recovered the ball, and by line bucking crossed the goal in seven minutes. All their gains were made by straight foot-ball, in hammering their op-

straight foot-ball, in hammering their oppronents' line, while all gains of the visiters were made by kicking, to which
they frequently resorted.
The conest was lacking in spectacular
features and no star plays were made.
The Cadets seemed sluggish at first and
used many substitutes in the second half,
members of the second team, who went
after their opponents with a rush. The
collegians put up a good article of Ball,
and their tackling was especially good.
At the end of the first half the Cadets
had made four touchdowns and kicked
two goals, and fust as time was called
they were rushing the pigskin for another two goals, and just as time was called they were rushing the pigskin for another touchdown, with the ball on the three-

yard line.
The visitors never at any time threat The visitors never at any time threat-ened the Cadets' goal line. For the Ca-dets Captain Dewey, Pace, Devoe, Clag-ett and the full back, Jones, while for the Collegians, Gilliam, Spillman, Toons and Captain Langford won honors for their respective teams.
The visitors will play Washington and

DEFEATS MARYLAND Game at Roanoke.

(Special Dispatch to The Times.) ROANOKE, VA., October 25.—The foot-ball game between the V. P. I. and Uni-versity of North Carolina teams, which versity of North Carolina teams, which resulted in a score of 0 to 0, attracted one of the largest crowds ever seen on the grounds. The teams arrived last night, and to-day a special train, with one hundred and twenty-five V. P. I. boys arrived. It was a very warm afternoon, and the sun shone with intensity on the field, and the men suffered severaly. severely. About 3.000 people witnessed the game

which was a regular knockout, a man being knocked out every minute. The game itself, not taking out time, was two game itself, not taking out time, was two hours and twenty minutes long. It was not as good as it should have been.

The ball was in V. P. I.'s possession most of the first half, and they tried three placed kicks from field, but failed every time. In the first half North Carolina kicked to V. P. I., Carpenter recieved the ball and made a beautiful fiftyyard dash with it. The ball then kept changing from V. P. I. to North Caro-lina. When the half came to a close the ball was in North Carolina's pessession and they were making good gains. At the end of the game the score stood noth-ing to nothing. Carpenter, Campbell and ing to nothing. Carpenter, Campbell and Miles played the star game for V. P. I. while Groves and Farlow for North Caro-

lina played a great game The line-up was as follows:
V. P. I. Positions. Blair center Stewart
Stlyes right guard Farlow Wilson....left guard....Donnelly McCullough....right tackle.....Jones McCullough right tackle Jones.
Miles left tackle Foust.
Campbell left end Townsend.
Ware, Tinsley quarter back Graves.
Counselman full back Engle.
Bird right half back Jacocks.
Carpenter left half back Mann.
Referee—Armstrong of Yale. Umpire—
Heckle, of Roanoke College. Timekeeper,
Chalkley, V. P. I. Linesmen—Olcott and
Brown Brown.

### Harvard Defeats Brown. (By Associated Press.) CAMBRIDGE, MASS., Oct. 25.—Har-

vard was held to a single touchdown by Brown on Soldiers' Field to-day, but on the whole played much better foot-bal than the team from Providence. The score was 6 to 0. Twice the crimson eleven was within

striking distance of the Brown goal, but a fumble and a mistake in signals prevented additional scoring. On the other hand, Brown was unable to get within forty-two yards of the crimson goal line, and in the second half played entirely on their own side of the field Harvard had the ball almost continually and did considerable rushing.

## Yale Wins From Syracuse.

(By Associated Press.)

NEW HAVEN, CONN., Oct. 25.—In an exciting game full of good plays, Yale men-Callet Crowdus and Collegian Wood-fin. Time-keepers-Cadet Flowerree and Collegian Brags. Time of halves-twenty-five and fifteen minutes. Touchaewns-
